Case 1X Type-c Charging Cable			

-connect automatically: They will re-connect automatically to paired devices when earbuds turn on. (Note: This only works if the device's Bluetooth is on and earbuds' pairing record still exist.)

5

When the earbuds are connected with phone and you want to turn off bluetooth, you could turn off bluetooth on the phone and put the earbuds back to charging case. Then take the earbuds out of the case. The earbuds will be paired successfully when the earbuds light only white light continuously.

If the earbuds light red light continuously, it means the earbuds are not connected with the phone. If the earbuds light does not respond, please try to reset the earbuds.

Charging, the white light will flash. Pairing, the blue light will flash.

2. Charging Case

When charging, the earbuds light red light. When fully charged, the earbuds light blue light. When the light is shining blue light, the light flashes continuously.
