Hello

**Thank you for your purchase
high speed hair dryer**

Before using this product, pleass read all instructions and warnings in the user manual and on the product:

您好

感谢您购买 high speed hair dryer

在使用本产品之前，请阅读用户手册中和产品上的所有说明及警告提示：
Quick start
快速操作指南

High speed hair dryer

Controls
控制

Scalp protect mode
On/off
头皮保护模式
开启/关闭

Temperature control
Four precise temperature settings.
温度控制
4 种精确温度设置。

LEDs
LEDs

Airflow speed
Three speed settings.
气流控制
三档风速设置。

Power on/off
开启/关闭

Cool mode
Use to set your style.
一键冷风
帮助头发定型。

Air inlet
进风口
Removable filter cage
可拆卸过滤罩

Scalp protect mode
头皮保护模式

Your hair dryer automatically adjusts air temperature by measuring distance to the hair, to help protect your scalp.

吹风机通过测量与头发之间的距离来自动调节气流温度，从而帮助保护您的头皮。

Airflow temperature automatically decreases as the machine gets closer to the scalp.

当机器靠近头皮时，气流温度会自动降低。

> The temperature control button will be disabled while mode is enabled.
> 启用该模式时，将禁用温度控制按钮。

Capsule illumination
胶囊指示灯

○ High heat
  高温度

○ Medium heat
  中等温度

○ Low heat
  低温度

○ No heat
  无温度

Pause detect mode
暂停检测模式

When the machine is set down, the heater will be deactivated and airflow will drop to minimal flow.

放下机器后，加热器将停止运行，气流降至最低。

Attachment learning
配件学习

Your machine recognises your individual attachments and learns your preferred settings for each.

All attachments are magnetic, for easy rotation and fitting.

吹风机会识别您的各个配件，并学习您对于每个配件的偏好设置。

所有配件均采用磁吸式设计，便于旋转和安装。
